Education**

The Power of Play

in a World of Learning

At Educo, we believe in the transformative power of play

That's why we design and create materials that allow children to grow in their development, and we support educators in seamlessly organizing this journey. We provide meaningful manipulatives, opening a world of playful learning for life.

Playfulness, hands-on learning,

and empowerment are at the heart of everything we do

By fostering a collaborative connection between children and educators, we ensure that every product supports growth and exploration.

This commitment forms the solid foundation of Educo.

Toys for Life

Our products move naturally with the developmental phases of toddlers and preschoolers

We focus on the relevant areas of development within each phase rather than on fixed goals or ages. This supports every child in progressing playfully at their own pace.

Play
creates joy
fosters engagement
evolves together
builds in steps
gives meaning

Hands-on education *meets play-based learning*

Play creates joy, fosters engagement, and evolves together through playful interactions. It builds in steps and gives meaning, offering a clear path toward discovery and growth.

Through play, we nurture children's broad development:

- > **Core skills:** Strengthening foundations in language and math.
- > **Sensorimotor skills:** Enhancing coordination, precision, and sensory integration.
- > **Thinking skills:** Cultivating logic, creativity, and problem-solving.
- > **Personal skills:** Supporting social connections, communication, and emotional growth.

With educators and children in mind, we design:

- > **Clear and purposeful play experiences** that guide focus and learning.
- > **Meaningful and enjoyable interactions** to spark creativity and exploration.
- > **Intentional learning outcomes** aligned with developmental needs.

Play builds connections and gives meaning, making it an essential part of every child's journey.

HI, I AM educoco®

*one of Educo's showpieces.
Pick me or explore my family
for playful features that highlight
Educo's educational benefits.*

**Mindmapping - sort the picture
900000054**

A game box that fosters visual learning, associations, and vocabulary growth as children link tokens on colorful balloons to assignment cards. The hands-on elements make abstract ideas tangible and gameplay engaging.

I belong to
the family
WOORDLINK.

*You can find me
on page 21*

Linking Ideas

Explore how words and concepts are connected in fun ways

Bring Ideas to Play

Transform abstract concepts into engaging, hands-on fun

Inviting Game Pieces

Bright, colorful tokens and cards that grab attention and make learning playful

Game Play

- Adaptable** Fits all learning levels
- Engaging** Sustain focus during play
- Creative** Inspire imagination and exploration

Product Features

- Durable** Built with long-lasting materials
- Safe** Designed for child safety
- Eco-Friendly** Uses sustainable materials

Core Skills

- Vocabulary** Expand language through thematic words
- Classification** Group items based on logic and traits
- Sequencing** Understand and apply order effectively

Sensorimotor Skills

- Precision** Improve fine motor skills through careful placement
- Coordination** Develop hand-eye alignment during play
- Tactile** Engage touch with sensory-rich materials

Thinking Skills

- Logic** Solve challenges using structured reasoning
- Problem-Solving** Encourage creative thinking
- Visual Processing** Interpret and analyze visual patterns

Personal Skills

- Collaboration** Work together to solve tasks
- Communication** Share ideas and explain reasoning
- Resilience** Build patience and persistence

Overview Educational Areas

Play-based learning

for 0-to-6-year-olds

Meet the Family

Dutch-inspired, perfectly connected materials

At Educo, we group our products into families,
each with a real Dutch name that shows what it's all about.
These families reflect our roots and bring together smart design
with playful learning and development.

Learning Areas

Quickly identify the core educational focus each product supports

Repetitive Play

Slide the rings on and off to discover over and over again

Discover Family Benefits

See how product features support learning and development

What's in a Name?

Educo's Dutch names are as fun and unique as the families they bring to life.

First Steps

Explore and Play

Every new experience starts with curiosity. Explore and Play gives educators tools to spark that curiosity and guide children's growth. Through familiar, playful activities, children build motor and thinking skills while discovering the joy of learning.

Focus of the Learning Area

Details its purpose and areas of support

Our Family Roots

We use authentic Dutch names to highlight each family's purpose and the skills it supports

PIONIER.

Leading the Way to Discovery

Just say "pea-oh-pear." In plain Dutch, it means someone who leads the way or explores something new. It captures the essence of curiosity and discovery.

PIONIER.

Leading the Way to Discovery

Just say "pea-oh-pear." In plain Dutch, it means someone who leads the way or explores something new. It captures the essence of curiosity and discovery.

The PIONIER family encourages exploration and problem-solving while honing sensory and independent learning. The multidimensional empowers children to navigate challenges.

Roll the drum

900000198
Roll the drum play material

The Product

Each product is labeled with its name and purpose for easy identification

Many Skills

Enhances motor skills, coordination and problem-solving

Safe Design

Tailored for use with the youngest ones

Repetitive Play

Slide the rings on and off to discover over and over again

Independent

Lets children explore by themselves

First Steps

Explore and Play

Every new experience starts with curiosity. Explore and Play gives educators tools to spark that curiosity and guide children's growth. Through familiar, playful activities, children build motor and thinking skills while discovering the joy of learning.

PIONIER.

Leading the Way to Discovery

Just say **'pea-oh-near.'** In plain Dutch, it means someone who leads the way or explores something new. It captures the essence of curiosity and discovery.

The **PIONIER.** family encourages exploration and problem-solving while fostering sensory and independent learning.

The manipulatives empower children to navigate challenges.

WOORD- LINK.

Connecting the Dots in Language

Just say **'woord-link.'** In plain Dutch, it signifies relationships between words, enriching understanding through associations.

The **WOORDLINK.** family strengthens logical thinking by exploring relationships and patterns in language. Activities foster a deeper grasp of word associations.

Creative Play

Arrange tiles into imaginative storylines

Dynamic Finish

Tip over tiles for a satisfying, visual conclusion

Increased Engagement

Turn storytelling into an interactive, memorable activity

Storytelling Skills

Build narrative flows through logical sequencing

Language

Story Comprehension

Stories connect people through understanding and creativity. Interactive manipulatives allow educators to guide children in understanding, narrating, and retelling stories. Exploring story structures encourages imagination and builds essential language skills.

PRAAT- PLAAT.

Pictures That Bring Stories to Life

Just say **'praht-plaht.'** In plain Dutch, it means a visual story. It invites children to explore narratives through clear and vibrant illustrations.

The **PRAATPLAAT.** family fosters imagination and storytelling with vivid visuals. Activities encourage creative language use and personal expression.

Digital Integration

Connects wooden letters with interactive digital feedback

Blended Learning

Combines physical tools and digital platforms seamlessly

Phonetic Stamping

Turns stamped letters into audible sounds and words

Phonics Mastery

Strengthens letter-sound knowledge for early reading

Language

Phonemic Awareness

Phonics introduces the foundations of literacy.

Through interactive resources, children strengthen pre-reading skills by recognizing sounds, rhyming, and connecting letters to sounds. These activities lay a foundation for language and confident communication.

KLANK- TAAL.

Discover the World of Sounds Around You

Just say **'klunk-tall.'** In plain Dutch, it means "sound language," emphasizing how sounds form the basis of words and communication.

The **KLANKTAAL.** family enhances listening and language skills through rhymes and rhythms. Each activity strengthens sound recognition for confident communication.

KLAP.

Hitting the Mark at Every Swing

Just say **'kiahp.'** In plain Dutch, it means a sudden sound or impact, such as a hammer striking.

The **KLAP.** family develops fine motor skills through hammering activities. Children enhance hand-eye coordination and spatial awareness while fostering creativity.

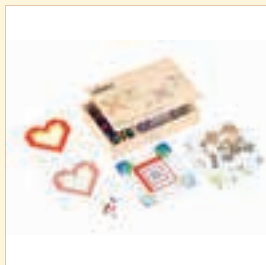

KRALO.

Beading the Way to Creativity

Just say **'krah-loh.'** In plain Dutch, the name originates from 'kraal,' which means bead, emphasizing creative design through beading.

The **KRALO.** family nurtures fine motor skills and concentration with beading activities. Children explore symmetry, shapes, and colors, promoting imaginative learning.

HOUVAST.

The Power of Hand Control

Just say **'how-vast.'** In plain Dutch, it means something to hold on to, combining "hou" (hold) and "vast" (firm), emphasizing purposeful grasping.

The **HOUVAST.** family builds hand control with stacking, screwing, and assembling activities. Practical tasks refine fine motor skills and improve problem-solving.

RIJGWERK.

Thread Together Bright Ideas

Just say **'rye-gh-verk.'** In plain Dutch, it refers to threading or stringing objects like beads or shapes while creatively connecting elements.

The **RIJGWERK.** family enhances dexterity and focus with threading and lacing activities. Children improve coordination and explore imaginative designs through play.

ONDERSTE-BOVEN.

*See the World
from a New Angle*

Just say **'on-der-steh-bo-van.'**
In plain Dutch, it means 'upside down,'
symbolizing contrasts and
exploration of opposites.

The **ONDERSTEBOVEN.** family
flips perspectives by exploring contrasts
of above and beneath. Children develop
curiosity and spatial awareness through
playful puzzles.

Exact Fit Layers

Laser-precision pieces for perfect assembly

Layer-by-Layer Play

Create detailed models by stacking layers

Anatomical Awareness

Build basic knowledge of human body systems

Thematic Flexibility

Adapts to various learning themes

Puzzles

Layer Puzzles

Layer by layer, children build stories or explore stages, uncovering new elements as they progress. Educators use these puzzles to promote logical reasoning, fine motor skills, and a sense of wonder with each new discovery.

BINNENSTE-BUITEN.

Explore the Body, Layer by Layer

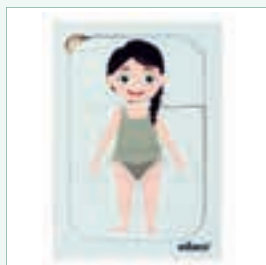

Just say **'bin-nen-steh-buy-ten.'**
In plain Dutch, it means 'inside out,'
highlighting discovery of human
anatomy from within.

The **BINNENSTEBUITEN.** family
uncovers human anatomy through
layered puzzles. Each layer reveals
internal systems and connects
them to the body's external form.

LEVENS- LOOP.

Journey Through Life's Unfolding Stages

Just say **'lay-vans-lowp.'** In plain Dutch, it translates to 'life cycle,' reflecting the progression through life's key moments.

The **LEVENSLOOP.** family illustrates life stages with layered puzzles. From childhood to adulthood, children gain insights into life's interconnected events.

Growing Up

Build understanding of life's key moments

GROEI-GEHEIM.

Unveil Nature's Stages of Growth

Just say 'groo-i-guh-heim.' In plain Dutch, it combines 'growth' and 'pearl,' symbolizing precious treasures revealed through transformation.

The **GROEIGEHEIM.** family reveals growth stages with layered puzzles. Children discover life's transformations -from seeds to blooms or eggs to animals- in tactile formats.

Taal > Woordenschat
WOORDLINK.
Mindmapping -
sorteer het plaatje

Ontdek de samenhang tussen beelden door een visueel plaatje te maken. Kies een opdrachtkaart en verbind de beeldkaarten.

Mindmapping - sorteer het plaatje bestaat uit:
• spelkast (1x)
• beeldkaarten (70x)
• opdrachtkaarten (6x)
• denkkaarten (10x)
• verbindingsstukken (10x)
• handleiding

Gebruiksklaar en compleet product
• afmetingen: 33,5 x 22,5 x 7,0 cm
• gemaakt van duurzaam hout

Sorteer afbeeldingen per thema
Mindmapping - sorteer het plaatje helpt bij het ordenen van begrippen, bevordert logisch denken en stimuleert taalontwikkeling. Kies een opdrachtkaart en verbind afbeeldingen met denkkaarten en verbindingsstukken om samenhang te ontdekken. Kinderen leren begrippen groeperen, verbanden leggen en hun gedachten visueel ordenen. Dit ondersteunt het structureren van kennis en versterkt taalgebruik.

WOORDLINK. Woorden die samenhangen
Taal is geen verzameling losse puzzelstukjes, maar een netwerk dat je steeds beter leert overzien. Educo familie WOORDLINK helpt kinderen verbanden leggen tussen woorden, betekenissen en concepten. Zo scherpen ze hun logisch denken, herkennen ze taalpatronen en groeit hun woordenschat speels en veilig.

Language > Vocabulary
WOORDLINK.
Mindmapping -
sort the picture

Discover the connections between images by creating a visual diagram. Choose a task card and link the image cards.

Mindmapping - sort the picture includes:
• game box (1x)
• image cards (70x)
• task cards (6x)
• thinking circles (10x)
• connecting pieces (10x)
• manual

Ready-to-use and complete product
• dimensions: 33.5 x 22.5 x 7.0 cm (13.2 x 8.9 x 2.8 in)
• made from sustainable wood

Sort images by theme
Mindmapping - sort the picture supports concept organisation, promotes logical thinking, and stimulates language development. Choose a task card and connect the images using thinking circles and connecting pieces to discover relationships. Children learn to group concepts, make associations, and visually structure their thoughts. This helps them organize knowledge and enhances language use.

WOORDLINK. Connecting the Dots in Language
Just say 'word-link'. In plain Dutch, it signifies relationships between words, enriching understanding through associations. The Educo WOORDLINK family sharpens logical thinking by linking words and concepts. Associative learning helps recognize language patterns and expand vocabulary naturally.

Sprache > Wortschatz
WOORDLINK.
Mindmapping -
Bild zuordnen

Entdecke die Zusammenhänge zwischen Bildern, indem du ein visuelles Netz erstellst. Wähle eine Aufgabenkarte und verbinde die Bildkarten.

Mindmapping - Bild zuordnen enthält:
• Spielkiste (1x)
• Bildkarten (70x)
• Aufgabenkarten (6x)
• Denkkreise (10x)
• Verbindungsstücke (10x)
• Anleitung

Gebrauchsfertig und vollständiges Produkt
• Abmessungen: 33,5 x 22,5 x 7,0 cm
• hergestellt aus nachhaltigem Holz

Bilder thematisch sortieren
Mindmapping - Bild zuordnen unterstützt das Ordnen von Begriffen, fördert logisches Denken und regt die Sprachentwicklung an. Wähle eine Aufgabenkarte und verbinde Bildkarten mit Denkkreisen und Verbindungsstücken, um Zusammenhänge sichtbar zu machen. Kinder lernen, Begriffe zu gruppieren, Verbindungen zu erkennen und ihre Gedanken visuell zu ordnen. So strukturieren sie Wissen und stärken den Sprachgebrauch.

WOORDLINK. Wörter verknüpfen, Sprache entdecken
Sprache ist einfach aus. 'Wort-link'. Auf gut Niederländisch meint das: Verbindungen zwischen Wörtern und Bedeutungen. Es geht darum, Sprache als Netz zu verstehen – nicht als einzelne Puzzelstücke. Die Familie Educo WOORDLINK hilft Kindern, Wörter und Konzepte logisch zu verknüpfen. So trainieren sie ihr Denken, erkennen Sprachmuster und erweitern ihren Wortschatz – ganz spielerisch.

Langue > Vocabulaire
WOORDLINK.
Mindmapping -
trier l'image

Découvrez les liens entre les images en créant un schéma visuel. Choisissez une carte-tâche et reliez les cartes-images.

Mindmapping - trier l'image contient:
• boîte de jeu (1x)
• cartes-images (70x)
• cartes-tâches (6x)
• cercles de réflexion (10x)
• pièces de connexion (10x)
• notice

Prêt à l'emploi et produit complet
• dimensions: 33,5 x 22,5 x 7,0 cm
• fabriqué en bois durable

Trier les images par thème
Mindmapping - trier l'image aide à organiser les idées, stimule la pensée logique et favorise le développement du langage. Choisissez une carte-tâche et reliez les cartes-images aux cercles de réflexion à l'aide des pièces de connexion pour découvrir des liens. Les enfants apprennent à regrouper des notions, établir des liens et structurer visuellement leurs idées. Cela soutient l'organisation des connaissances et l'expression orale.

WOORDLINK. Relier les mots, faire parler la langue
Phonologie simplement « vowel-link ». En néerlandais, cela désigne les liens entre les mots et les significations. La langue devient un réseau vivant, pas juste une suite de morceaux isolés. La famille Educo WOORDLINK aide les enfants à établir des connexions logiques entre les mots et les concepts. Ils repèrent des schémas de langue et enrichissent leur vocabulaire, naturellement et en jouant.

Proud Owners of Leading Educational Brands

Our educational brands:

heutink.
international

About Heutink International

At Heutink International, we proudly own trusted educational brands: Nienhuis Montessori, GAM, Educo, Arts & Crafts, and Toys for Life. These brands reflect our belief in education as a foundation for lifelong learning. Through sustainable materials and meaningful themes, we aim to nurture creativity, inspire curiosity, and contribute to a better world for children, society, and the planet. We believe in shaping the future of education in partnership with like-minded organizations.

Partnering for Global Impact

Heutink International is committed to shaping the future of education through collaboration. We invite distributors to join us in bringing high-quality, innovative learning materials to schools, kindergartens, and educational spaces worldwide.

Why Join the Heutink Family?

INNOVATIVE PRODUCTS. Designed to inspire creativity, critical thinking, and hands-on exploration.

SUSTAINABLE PRACTICES. Crafted with eco-friendly materials, like FSC-certified wood and water-based paints, supporting a better planet.

MADE TO LAST. Durable products that meet ISO 9001 and ISO 14001 standards, ensuring they serve generations of learners.

SAFE FOR ALL Compliant with EN71 and ASTM standards, ensuring materials are safe and reliable for children.

CRAFTED WITH CARE Blending tradition and innovation, every product reflects precision, durability, and uniqueness.

EDUCATIONAL AND SOCIAL IMPACT. Creating safe and enriching learning environments that empower children, educators, and communities.

COMPREHENSIVE SUPPORT. From marketing to tailored solutions, we provide the tools you need to succeed.

Let's Grow Together

Join our global network of distributors and make a difference in education worldwide. Visit our website to learn more and explore the opportunities ahead.
